

What Every Adult Needs To Know!

Looks can be deceiving....

At first glance, it appears to be the bedroom of an average teenager. However, amidst the clutter and clothing scattered on the floor, school supplies on the desk and personal care products on the vanity, there are more than 150 items that can be clues that a young person may be involved in risky, dangerous and even illegal activities.

“Hidden in Plain Sight”

An Awareness Program for Parents and Adults

Oxford Central School, 17 Kent St. Oxford, NJ 10/25/17 5:00 – 7:00 pm
(5:00-6:00pm-presentation 6:00-7:00pm-pizza dinner and family conversation)

The exhibit is open to adults only. There will be physical, stress reducing activities to promote a drug-free and healthy lifestyle for your children while you attend the program. Please have children wear appropriate clothing for the activities.

This interactive exhibit will change the way we look at what appears to be normal. It is a reality check into what could be “hidden in plain sight”, if we only knew what we were looking for. It will make you aware of what you don’t know and how to ask questions of your children, their friends, other parents and your child’s school. Local law enforcement, individuals in recovery, parents and prevention specialists will be available for open discussion.

Panelists will include:

Local Law Enforcement, Prevention Specialist, Drug and Alcohol Counselor and
the Warren Hills Community Coalition

(The Coalition is a program of the Family Guidance Center)

To register contact Helen Diaz @ 908-453-4101 x2102 or call Liz Montalvo @ 908-223-1985, Ext. 306 and return the permission slip below to Mrs. Diaz through the main office no later than 10/13/17.
