908-453-4101

Ms. Milissa Dachisen
Vice Principal

November 28, 2011

Attention Oxford Third Grade Parents:

I have received word today of a case of atypical varicella (chickenpox) within the grade 3 population. This note is being sent to inform you of this occurrence and to alert you to observe your child for the development of any symptoms—i.e. blister-like rash. Please feel free to contact me with any questions you may have.

Barbara Svercauski RN
Oxford School Nurse
