

STANDARDS OF PROFICIENCY

The chief school administrator, in consultation with teaching staff, shall develop criteria for evaluation, indicators of achievement of the criteria, and acceptable standards of achievement for all grade levels, courses and programs offered by the district. The criteria, indicators and standards must be related to district goals and objectives. Parents/guardians shall be informed in a timely manner whenever their child appears in danger of failing to meet required proficiency levels. Parents/guardians shall be strongly encouraged to participate in designing remedial plans for their children.

These standards of proficiency shall include but not be limited to those Core Curriculum Content Standards identified by the State Department of Education and shall form the basis for the district's grading system. The specific indicators of achievement and standards of proficiency developed for all courses and programs accepted for credit toward high school graduation shall be given to pupils and parents/guardians, in writing, at the time the pupil registers for the course.

By the date required by law, the chief school administrator shall annually report to the board and the community at a regularly scheduled meeting an evaluation of pupil achievement toward meeting district and school goals and objectives.

Low pupil achievement shall be regarded by the board as an indication that revisions are needed in educational programming, general strategy, staff resource use, staff evaluation, and/or other aspects of the learning program.

Date:

First Adoption: March 15, 1989

Review Date: June 1, 2008

Revision and Adoption: June 26, 2008

Legal References:

Mandated:

N.J.S.A. 18A:35-4.9 requires boards to adopt policy on pupil proficiencies required for promotion or course credit.

Other Reasons:

No Child Left Behind requires any district that receives Title 1 funds to use state assessments and any locally determined assessments or indicators to annually review the progress of each Title 1 school to determine whether the school is making adequate yearly progress. To achieve AYP, all identified student groups (as described in the legal reference pages for file code 6146 Graduation Requirements) must meet the statewide achievement goal, or the percentage of non-proficient students must be reduced by at least 10% with the group showing improvement on other academic indicators. At least 95% of each student group must participate in state assessments. Further requirements are placed on schools that fail to achieve AYP for two consecutive years.
